About Wachters' Supplements

Since 1932, Wachters' Organic Sea Products has manufactured and distributed a unique array of nutritional products, using the highest pharmaceutical grade ingredients. All products are manufactured in a special labor-intensive process without heat or moisture, thus preserving integrity of the ingredients. No preservatives, colorings, artificial flavors, sugar, starch, or animal products and by products are used in preparation of our nutritionals. Wachters' Exclusive Blend of Sea Vegetation®, the spark plug of every Wachters' product, provides unequalled bioavailability of the ingredients to the user.* All Wachters' nutritionals are manufactured in our own facilities, giving the consumer assurance of the quality of ingredients and their manufacture.

No. 2: Aqua Terra:

This is an excellent combination of land and sea vegetation. Aqua Terra is a health-building formulation that is also part of the Basic 4® Program. Aqua Terra works well with all Wachters' products especially the multiple vitamin and mineral supplements. Aqua Terra contains spirulina, chlorella, RNA, DNA, carotene, and the Wachters' Exclusive Blend of Sea Vegetation®.

No 3: Sea Green Drink: A Vitamin C Drink with Trace Minerals. A delicious beverage for children and adults alike. Sea Green Drink consists of chlorophyll, alfalfa juice concentrate, vitamin C, Wachters' Exclusive Blend of Sea Vegetation®, lemon bioflavonoids, rosehips, hesperidin complex, acerola, rutin, and carotene. This is an ideal drink to keep in the refrigerator for everyday use or to create as ice cubes or frozen treats. It is a must in every house.

No. 5040

7oz
Retail: \$24.95

No. 4: Calcium-Magnesium

Chelate: This is a great combination of chelated calcium and chelated magnesium with a 2:1 ratio of calcium to magnesium which has been thought to increase absorption. This formula is especially suited for children and the elderly. In fact, it is a good calcium product for anyone wanting a supplement with lower amounts of calcium-magnesium per tablet to be taken on a more frequent basis. This product contains Vitamin D which is necessary to help assimilate the calcium. Wachters' Calcium-Magnesium supplement is a combination of calcium and magnesium in addition to carrot powder, chlorophyll, and Wachters' Exclusive Blend of Sea Vegetation®. Calcium is good for cardiovascular health, iron utilization, strengthening bones, and regulating the

passage of nutrients in and out of the cell walls. Magnesium helps with the absorption of the calcium.

No. 5060
180 Tablets
Retail: \$28.95

No. 6 : Sea Vegetation Alfalfa Tablet: Land and Sea Synergy.

This tablet combines the great components of alfalfa and alfalfa juice concentrate with Wachters' Exclusive Blend of Sea Vegetation®. The tablets provide an excellent natural source of calcium and trace minerals.

No. 44: Phyter-Zyme: Total Digestive Enzyme Blend.

This product contains digestive enzymes from all plant sources to create a beneficial digestive environment. Phyter-Zyme effectively aids in digestion by working throughout the body's entire digestive tract. Because of poor eating habits, low fat diets and natural aging, our bodies produce fewer digestive enzymes, thereby creating the need for extra enzyme supplementation. There is nothing as safe and effective as Phyter-Zyme on the market today! For those calcium sensitive people, this can be taken by itself or with No. 64-Select Cal 1000 for optimum results. Among some of the ingredients are: artichoke powder, bromelain, phyto enzyme complex, triacylglycerol lipase, Alpha-1, 4 glucan glucohydroase,

lactospore, and fructooligosaccharides.

No. 5425

90 Tablets

Retail: \$35.95

About Wachtlers' PROFESSIONAL FORMULAS

Wachtlers' Professional Formulas originally were designed to be used by health professionals with their patients. The formulas are designed to include high potencies of easily absorbable vitamins, minerals and herbs and allow you to adjust dosage to particular needs. The Professional Formulas turned out to be so effective that we modified the formulas so they could be used by all of Wachtlers' customers. The Professional Formulas have become amongst our most popular and frequently ordered supplements.

Professional Formula A: Multi-Vitamin Mineral Formula Powder for Easy Absorption.

This product is great for anyone who cannot or does not want to swallow tablets. A high potency multi-vitamin mineral formula with 19 essential vitamins and minerals along with lecithin and choline which have been shown to benefit blood circulation to the brain. Mixed with water, Professional Formula A makes a multiple vitamin-mineral drink that is quickly absorbed. It

contains vitamins A, B Complex, C, D, E, calcium, magnesium, iron, zinc, RNA, DNA, aloe vera, chlorophyll, chlorella, lecithin, selenium, alfalfa juice concentrate, yucca, and Wachters' Exclusive Blend of Sea Vegetation®. Professional A is a favorite of health practitioners.

No. 1010
16 oz.
Retail: \$45.95

Professional Formula C: Powdered, Concentrated Chlorophyll with Sea Vegetation. This is a high potency chlorophyll product with a great mint flavor. One teaspoon provides 1000 mg of chlorophyll and is excellent for athletes involved in heavy training such as marathons and triathalons. It works well as an energizer when used in an athlete's water bottle. 1000 mg of chlorophyll per teaspoon makes this product a powerhouse beverage for use throughout the day. Once you have tried this chlorophyll-based product, you will not want any other brand. Used in combination with Futura 200 and No. 64: Select Cal 1000, you have a dynamite program. Ingredients include: chlorophyll, alfalfa, mint, beta carotene, and Wachters' Exclusive Blend of Sea Vegetation®.

Professional Formula D: Full Spectrum Nutritional and Herbal Heart Support Formula. Formula D is a high potency vitamin and mineral tablet for those who want a cardiovascular support vitamin and mineral combination. You have the ability to vary the dose with nine tablets of Formula D which provide 26 essential vitamins and

minerals and 3200 mg of vitamin C complex. In addition, Professional D contains hawthorn berries and the amino acids which are necessary for the support of the cardiovascular system. This product is great for boosting the immune system. This incredible product contains vitamins A, B complex, C, D, E, calcium, 100% of the RDA for folic acid, magnesium, potassium, L-cystine, L-arginine, selenium, zinc, the Wachters' Exclusive Chromium Complex™, rose hips, hawthorn berries, lemon bioflavonoids and Wachters' Exclusive Blend of Sea Vegetation®. Many health professionals rely on Professional Formula D to provide natural support for their clients' cardiovascular systems.

HERB A SEA®
PRODUCTS

Every one of Wachters' Herb a Sea products are superior to other herbal products on the market because of our chlorophyll and the Wachters' Exclusive Blend of Sea Vegetation®. Wachters' unique herbal tablets provide a convenient way to take single or combination herbs. Most herbal preparations on the market are available in capsule form. When capsules are used, air reaches the herbs faster and they lose their potencies more quickly. In contrast, Wachters' herbal products will retain their potencies for two years. In addition, Wachters' products

are superior because they contain the Wachters' Exclusive Blend of Sea Vegetation® and chlorophyll. When Wachters' Exclusive Blend of Sea Vegetation® is combined with herbs, the minerals and trace minerals occurring in the Blend and chlorophyll increase the body's ability to absorb and utilize the herbs.

Cascara Sagrada Extract: Cascara Sagrada provides gentle support for normal bowel movements. Using the extract form gives our product a guaranteed amount of the active ingredient for best results. Ingredients: Calcium Carbonate Amino Acid Chelate, Cascara Sagrada Standardized Bark Extract (180 mg.), the Wachters' Exclusive Blend of Sea Vegetation, and Chlorophyll.

PLANT AND SOIL CONDITIONERS:

About Wachters' PLANT & SOIL CONDITIONER S

Building on our commitment to the environment, Wachters' has created a line of "entirely sea vegetation-based" plant and soil conditioners that ensure safe soil fertilization and act as a non-toxic pesticide. Sea vegetation has long been popular among knowledgeable Wachters' gardeners and farmers as a mineral source for depleted soil.

Sea Spraa: This is a highly concentrated, all natural liquid fertilizer for your entire garden. Sea Spraa can be used to fertilize your plants or as a natural bug repellent when sprayed on the foliage of your plants. This sea vegetation-based product provides your plants with an excellent source of naturally occurring vitamins and minerals resulting in healthy and fruitful plants. Purchased in bulk quantities, Sea Spraa is used on crops such as potatoes, corn, tomatoes, squash, pumpkins, and rice among others.

Sea Spraa is available in four sizes:
